### City of Arcata Construction & Demolition Waste Management Plan

**INSTRUCTIONS:** Use this form when planning construction or demolition to report the estimated volume or weight of materials being reused, recycled or disposed and how materials will be transported/stored.

Project \_\_\_\_\_ Permit # \_\_\_\_\_ Location \_\_\_\_\_  
 Date \_\_\_\_\_ Contractor's Name \_\_\_\_\_  
 Phone \_\_\_\_\_ Email \_\_\_\_\_

Landfill/Transfer Station \_\_\_\_\_ Projected Disposal Cost \$ \_\_\_\_\_

	Please <span style="border: 1px solid black; border-radius: 50%; padding: 2px;">Circle</span> Type of Work: CONSTRUCTION    DEMOLITION			TRANSPORT		
MATERIAL TYPE	VOLUME/WEIGHT (POUNDS)			Self Haul	Arcata Garbage	On Site
	RECYCLED	REUSED	DISPOSED			
<i>Example: Brick; Masonry; Tile; Cinderblock</i>		500 lb		X		
Asphalt						
Bath Fixtures						
Brick; Masonry; Tile; Cinderblock						
Cardboard						
Carpet; carpet padding						
Ceiling tile (acoustic)						
Concrete						
Containers – bottles and cans						
Dirt – (must be wet down for Kern)						
Doors – Storefront, hollow, solid						
Drywall (new) unpainted sheets / scrap						
Drywall (used)						
Electric Panels						
Furnaces/Water heater						
Green waste – brush, tree trimmings, stumps						
Metal – scrap, rails, metal siding, etc.						
PVC pipe						
Roofing; Roof shingles						
Trash – non-recyclable material						
Windows and window framing/Glass						
Wood & pallets – unpainted						
<b>TOTAL WEIGHT/VOLUME DIVERTED</b>		+		=		
<b>TOTAL WEIGHT/VOLUME DISPOSED</b>						

Environmental Services Dept. Approval: \_\_\_\_\_ Date: \_\_\_\_\_

*See Brochure for Possible Diversion Options*
