2' Shoulder

10' Trail

2' Shoulder

West End Rd. →

A photograph of a paved trail made of grey asphalt. The trail is 10' wide and is flanked by shoulders: a 2' shoulder on the left and a 4' shoulder on the right. The shoulders are made of light-colored gravel. A white line runs along the right edge of the trail. Three white circular markers are placed on the shoulders, each connected by a vertical line to a label below. The labels are '2' Shoulder' on the left, '10' Trail' in the center, and '4' Shoulder' on the right. Below the '4' Shoulder' label, the text 'Utility Lines' and 'Underground' is also present.
